PREFACE.

We herewith present our 1905-6 volume of The Charlotte Directory to our patrons and Citizens generally.

This volume is an improvement over preceding works issued by us in Charlotte, and in saying this we feel that there is no more to say "for the Directory-using public of Charlotte are familiar with the class of work produced by us, and we are willing to abide by their verdict."

Charlotte is keeping well abreast of the times and ranks well up in front of cities of corresponding size in this country, and the new \$200,000 Hotel now under construction will do much toward advertising Charlotte away from home, and besides will make the city a tourist stop point on the way to Florida in winter and on the return trip in the spring.

Charlotte as it is, is a beautiful city, with its handsome office buildings, residences and churches, and will attract the tourist. There is one thing lacking, however, and that is modern paving. PAVE TRADE and TRYON Streets with vitrified brick and it will enhance the value of abutting property equally as much as the outlay, and besides it will improve the city generally. This improvement should be made AT ONCE before the completion of your Tourist Hotel.

Before closing the writer desires to call attention to the fact that the City Directory has been placed under the ban (along with other publications) as an advertising medium, by an association of Charlotte Business Men, (practically all of whom by the way are subscribers to the Directory). This was done, we believe, without actual intent to injure our publication, but was made necessary among other things. In this connection we desire to call attention to the fact that the Charlotte Directory (as published by us) would be forced to discontinue without the advertising department, for, as a matter of fact, **the subscriptions pay but a fraction over one-half of the total expense of production.**

We feel that the Charlotte Directory patrons are thoroughly satisfied with our service, and wish us to continue the publication, and we also feel, in justice to us, that the ban that was practically placed on its members patronizing the advertising department will be removed before the publication of the next volume by the aforesaid association.

With thanks to the general public for courtesies shown our representatives and our patrons for generous support we are respectfully yours,

THE WALSH DIRECTORY CO,

W. H. WALSH, Prest. & Treas.

Charlotte, N. C., Dec. 1st, 1905.

PINE FOREST INN

SEASON 1905-1906

SUMMERVILLE,

OPEN NOVEMBER TO MAY.

S. C.

The Pine Forest Inn Company take pleasure in announcing to former patrons and those who contemplate a sojourn in the South during the Winter 1905-6 that the Inn will open for the coming season with many improvements to the hotel and property that cannot fail to add to the comfort of its guests. Since the close of the house last spring a new addition has been constructed containing several suites of rooms with bath, steam heat, and open fireplaces, and furnished in the luxurious style of other portions of the Inn. An extension enlarges the dining room to double its former size, and provides several smaller dining rooms and a commodious room for balls and entertainments. The kitchen facilities are also improved.

The Former Excellent Golf Links have been extended to an eighteen-hole course. Artificial bunkers have been added, and the hazards difficult enough to be interesting. The turf is the finest in the South. There is a good club-house situated at the first tee, commanding a view of the entire course. The links will be in charge of a professional instructor, and tournaments will be a feature during the season. The climate of Summerville will admit of playing any day in the winter. A fine boulevard leads from the Inn through the park and past the tea and floral gardens of Dr. Charles U. Shepard to the club-house, less than a mile distant.

The Pine Forest Inn Hunting Grounds, containing two thousand acres, with its Colonial Club House, and the variety of game with which the preserves are stocked, should be a great attraction for all fond of hunting, &c.

The Owners of the Inn have spared no expense in the equipment of the hotel and providing for the comfort and amusement of guests, and the large patronage enjoyed by the house in past seasons is the best evidence of its popularity. Situated in the middle South, in the dry, fragrant air of the pines, and easy of access from all points, the Pine Forest Inn offers an ideal climate and many advantages not found at other Southern resorts.

PRINTING

WE HAVE a superb, modern equipment for doing all kinds of PRINTING. We also have men who know how to PRINT--men who have gotten out of the rut and are capable of producing work that is tasteful, artistic, original.

IT PAYS to study out new ways of doing old things. WE STUDY. As a result we are constantly producing new and attractive typographical effects--work that is OUT OF THE RUT and high above the horizon of the commonplace.

WE WANT the work of men who are PARTICULAR. The order cannot be too large or too small to have our most CAREFUL ATTENTION and we GUARANTEE SATISFACTION in work and price in every case.

29 South Tryon Street
CHARLOTTE, N. C.

THE CAROLINAS GREATEST EVENING PAPER

The **Charlotte News**

A vigorous paper of influence and character--a fighter for progress and social and political purity.

Its CIRCULATION exceeds that of ANY evening paper in the Carolinas.

Its home circulation far exceeds that of any other paper.

It publishes more local, foreign and classified advertising than any paper in the Carolinas.

With local advertisers *The NEWS* is supreme.

Issued every afternoon except Sunday at \$5.00 a year.

FOR MORE THAN HALF A CENTURY

The Times-Democrat

Has been the favorite newspaper in the homes of the prosperous farmers living in the rich agricultural district surrounding Charlotte.

ITS CIRCULATION

In Mecklenburg County is about DOUBLE that of ANY other paper.

Issued Mondays and Thursdays at \$1.00 a year.

The Territory covered by these papers is always prosperous. It produces vast crops of cotton and cereals and embraces 321 cotton mills operating more than half of the spindles in the South. A market gained here is never lost and the quickest way of gaining it is by advertising in the papers the people know and trust--The News and Times-Democrat.
